# 2018 Emmons Ranch

## Welcome to the Emmons Ranch 2<sup>nd</sup> Annual Beefmaster Bull Sale

On behalf of Emmons Ranch, consider this your personal invitation to be a part of this annual event. We are extremely proud to offer this set of Beefmaster bulls. Our goal here at Emmons Ranch is to produce Beefmaster bulls that the beef industry demands. Bulls that will produce gentle, low birthweight, heavy weaning calves, superior, efficient, heavy milking replacement females and feed efficient steers that will yield and grade at the packers.

When you select Emmons Ranch Beefmasters, you're not just buying a name—but a program. We have built our herd with honest, predictable and profitable Beefmaster cattle that are backed by more than 42 years of production. The bulls in this sale are heavily muscled, big footed, big boned and have eye appeal.

We hope you can join us on Friday, March 23, to walk through the bulls and “talk cows” and stay for the sale on Saturday!

Best regards,

*Steve Emmons*

### SALE FORMAT:

All bulls will be available for viewing in individual pens at the sale site until the auction begins. The bulls will be sold on a VIDEO SCREEN inside the auction ring. We believe this format will be beneficial to our customers and to the bulls. This will eliminate the chance of injury to your new bull and a calmer disposition when you take him home.

### ABSENTEE BIDDING:

Call ahead for absentee buying and delivery options. Videos available for viewing at: [www.emmonsbeefmasters.com](http://www.emmonsbeefmasters.com). For more information, please contact Bruce Robbins, 210-861-5136, or Mike Green, 979-229-6563.

### INTERNET BIDDING:

NO INTERNET BIDDING WILL BE AVAILABLE

### NEW INDICES:

BBU has added two new indices to their EPD's. We have included a brief explanation of these two new indices to help the buyer understand and utilize the data.

- \$T: Beefmaster's Terminal Index is designed for the retained ownership customer or terminal crossbreeding program, who is looking to maximize growth, feedyard performance and carcass merit. It is designed to complement Beefmaster strength's for live performance and Yield Grade advantage, while balancing the need for marbling. \$T emphasizes the profit drivers found in Beefmaster's.
- \$M: Beefmaster's maternal index is described as “The \$ profit per cow exposed due to calf Weaning weight accounting for costs associated with cow maintenance”. \$M balances fertility, calf growth, milk and cow maintenance costs into one, easy to use \$ value. \$M should be the main selection criteria if your objective is to produce replacement females.

 CONSULTING & MARKETING

Dear Beefmaster Breeder,

Welcome to the **Second Annual Emmons Ranch Beefmaster Bull Sale**. We are continuing a tradition of selling quality individuals with documented performance and cutting edge information that will help anyone in the Beef Business be more successful. Join us in Groesbeck Texas at the **Groesbeck Livestock Auction Barn Saturday, March 24, 2018** and make your own decisions and selections that will make your breeding program better.

This sale offering will include both **red and black hided bulls** with **complete carcass and performance data**. The bulls have been grouped together since last August at Texana Feeders outside Floresville Texas and were fed a high roughage feed to attain an optimal body condition that will enhance their ability to maintain for you and during their entire stay they have been on grass pasture. All the bulls being sold have been Trich tested and had a Breeding Soundness Exam performed on them and are ready to go to work helping make your breeding program better.

This group of bulls has something for everyone - **Herd sire prospects** that will satisfy the most discriminate purebred breeders carrying predictable genetics, red and black, polled and horned with verified measured performance and carcass traits. **Commercial breeders** that require big footed, heavy boned, full of red meat individuals that will add the pounds to your weaning weights and produce replacement females that will make any cattle operation more profitable are available here.

We will have the bulls in traps at Groesbeck Livestock Auction Barn available for viewing from **Thursday, March 22nd and then in the sale pens on Friday the 23rd** before we sell them to you **Saturday, March 24th**. Join us anytime to evaluate the bulls or just talk about the cattle business and for sure on **Saturday for lunch prior to the sale**.

We will have a **sale offering DVD available** and the sale will **NOT be available on the Internet**.

If myself or sale consultant Mike Green can be of any assistance helping you make selections or purchases do not hesitate to contact us.

See you in Groesbeck!

# Getting the Most for Your \$\$\$'s

At Emmons Ranch, we believe Calving Ease (CE), Birth Weight (BW), and Rib Eye Area (REA) are the most important economic traits when selecting a herd sire. Getting a live calf that will yield more pounds of meat at harvest will equal more dollars(\$) in your pocket.

*The following bulls are ranked above breed average in these important traits and are listed by their lot number.*

## SALE TERMS AND CONDITIONS

**BIDDING:** Each animal will be sold to the highest bidder without reserve.

**BIDDING DISPUTE:** The auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

**CASH SALE:** All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

**BUYER'S RISK AT THE TIME OF SALE:** The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs sooner.

**CERTIFICATES OF REGISTRATION:** A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

**HEALTH GUARANTEES:** Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

**ANNOUNCEMENTS:** If there is any inconsistency in information in terms of the sale materials (e.g. sale catalog, supplemental sheets, sale day announcements), 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

**IDENTIFICATION RESPONSIBILITIES:** 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

**BREEDING GUARANTEES:** All bulls are guaranteed to have passed a Breeding Soundness Exam (BSE) and have been certified a satisfactory potential breeder by a licensed veterinarian within sixty (60) days prior to sale date. Completed BSE will be attached to heath paper at the sale. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.

**DELIVERY OPTIONS:** Transportation discounts available on volume purchases.

**RIGHTS AND OBLIGATIONS:** The above terms and conditions of sale shall constitute a contract between buyer and seller of each animal. Each sale or resale of an animal constitutes a separate transaction. Neither BBU, the sale management, nor any other person connected with the management of the sale assumes any liability, legal or otherwise for any subsequent resale of an animal.

**REMEDIES:** If within 180 days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within 180 days from the date of sale and include the BSE test results within 30 days after seller's notification of the failed BSE. Buyer and seller shall identify a mutually agreeable licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on both buyer and seller. If, in the opinion of said veterinarian, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official semen evaluation form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed fully satisfactory and settlement of the matter. The seller and buyer bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.
